WELCOME TO NURSERY

NEWSLETTER FOR THE MONTH OF AUGUST 2021-22

"The function of education is to teach one to think intensively and to think critically. Intelligence plus character – that is the goal of true education" – Martin Luther King

We had our Second "Meet and Greet" on 24th JULY. We had a discussion on kid's progress, their scope for improvement and also feedback from parents' side.

PORTIONS COMPLETED:

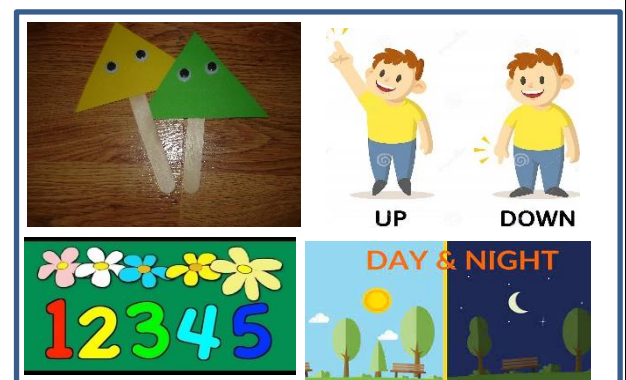

LANGUAGE TIME:

- Introduced the alphabet 'C', 'D', 'E' & 'F' with phonic sounds, stories and rhymes.
- Identified and learnt the words that begin with alphabets 'C', 'D', 'E' & 'F'.

MATH TIME:

- I. Identified and recognized the shapes 'Triangle' with the rhyme.
- II. Learnt to count number 1 to 5 by counting different objects.
- III. Introduced the concept of up & down, day and night

EVS TIME:

- Introduced family members by showing their photos.
- Identified different rooms of a house
- Discussed why we need a friends
- Likes and dislikes of friends
- Learnt the places and people who work in a school

RHYMES AND STORIES:

(Refer content book volume-1 &2)

1. Where is Mini? (pg.no.44-47).
2. I am Tippy Triangle(pg.no.49)
3. Going for a Picnic (pg.no.50-51)
4. Find the pattern(pg.no.7)
5. Jim and Tim (pg.no.8)
6. Sleepy Benny (pg.no.14-21)
7. Up & Down (pg.no.22-23)
8. Mini's room (pg.no.28-31)
9. Sid's day (pg.no.32-33)

ACTIVITIES:

- ❖ Play with clay and preparing letter A, B, C & D
- ❖ Salt tray tracing of letters (C, D).
- ❖ Prepared triangle using clay & pencil/ stick/straw of equal size.
- ❖ Pattern making using standing line and circle.
- ❖ Prepared friendship card.

PICTURE READING:

(Refer STUDENT READER book) Pg. no.: 9-14

Conducted event:

CCA: PLAY AND LEARN WITH CLAY ON 13TH AUGUST 2021.

Play doh helps to strengthen small fingers, hands and wrists. Children gain control over their hand and arm movements which improves coordination.

It helps to build your child's imagination.

Upcoming event:

- ❖ *Mid term examination from 14th September 2021 to 23rd September 2021.*
- ❖ *CCA: creative hands build with blocks on 19th November 2021*

THE AWARD FOR WELL DONE IS THE OPPORTUNITY TO DO MORE.

Ms.Renganayaki clinched the title National school under-15 chess Championship for girls. We are very proud of her and we wish her great

SILICON CITY ACADEMY IMPARTS FINNISH EDUCATION TO CREATE GLOBAL LEADERS

One of the first Finnish schools in India

Silicon City Academy of Secondary Education is set to be a pioneering institution in Karnataka, imparting the Finnish curriculum. The establishment was announced, designed and developed by Council for Creative Education (CCE), a global organization originating from Tampere, Finland, with the motto of redefining education through creativity. CCE Finland, Helsinki is a 500+page solution of the Finnish School Model: A complete package, which combines the physical and digital dimensions of equipping classrooms and learning environments - architecture, learning space design, educational technology - with the intangible aspects of education. Over pedagogical and research driven high quality teacher training, with creative, well-oriented and active learning.

Silicon City Academy's 100 plus students will now be connected to CCE Finland's global network.

CCE provides tailor made teacher training and school development programs - from pre-primary to higher education. Their programs are based on research and expertise from Finnish cooperative and autonomous. However, they provide insights into the Finnish education system through educational tours and regular computer-aided participative oriented live sessions in Hindi and English to the Finnish classroom and curriculum. The collaboration with CCE will provide teachers, students, and parents at Silicon City Academy access to rich resources, support and global opportunities that will further enhance the excellent teaching and learning experience the school offers.

"We are excited to be working with Silicon City Academy to build on the school's strong foundation and vision to date, while offering access to greater opportunities that enhance students' learning. Working together, we can achieve more than we can individually. CCE Finland has a wide range of resources and support to enhance their success." said Karol Lindstrom, Program and Behavioral Head of CCE Finland.

CCE's Lead Strategy and ICT Development, Jari-Pekka Kukkonen, says "The addition of Silicon City Academy is a perfect fit for the CCE Finland family.

When asked to explain her views on this partnership, Kamalini B. Swamy, Principal, Silicon City Academy shared excitedly, "When we embarked upon the quest to seek the right global education partner who could further our vision, CCE Finland checked all boxes as it met our vision and mission. CCE Finland being a part of Silicon City Academy enables students and teachers to learn from and with the best. They also offer language development - a professional professional - a professional development for our teachers and create unique experiences for our students. We at Silicon City are excited to collaborate with CCE, Finland, and build a new chapter in the story of Silicon City Academy of Secondary Education."

The school takes immense pride in introducing the unique potential of each and every student by imparting them. They provide an excellent platform to help students realize their natural creativity and discover their true passion. "We have partnered with CCE Finland to shape our students future. I believe this collaboration will provide our Silicon City students with skills ready skills sets that are essential to become global leaders." This new partnership will provide an excellent opportunity to support primary vision of developing confident, happy and creative citizens with a spirit for knowledge and the vision to create a better world," Kamalini B. Swamy said in conclusion.
